

Remember this?

Then it's time to learn more about
colon cancer and get screened.

Colorectal cancer is 90% preventable and 90%
treatable if detected early, yet it remains the
second leading cancer killer in the U.S.

The Prevent Cancer Super Colon is Coming to Cartersville!

Tour the incredible, inflatable, interactive "Prevent
Cancer Super Colon". Learn about the risks, symptoms,
prevention, early detection and treatment options for
colorectal cancer.

FREE In-Home Self-Screening Colorectal
Cancer Test Kits (limited quantity available)

Saturday, March 16
10 a.m. - 4 p.m.

The Hope Center
100 Market Place Blvd.
Cartersville (across from Wal-Mart)
